

Class Rule Changes

International 49er FX Class Association

Effective date: 1 February 2026

Status: Approved

New Rule

Current Rule

Not Applicable

New Rule

C.10 Modifications

C.10.1(e)

Cable ties may be used to retain **battens** in **sail**.

Reasons

Current batten fixings on the Mainsail have been a concern with several teams reporting the loss of battens due to end cap not locking into place and therefore fixing the batten in a secure manner has been a safe option.
