RECOMMENDATIONS NOT BASED ON SUBMISSIONS

Events Committee

Agenda Item 4.2 – Paris 2024 Olympic Games, Format Working Party Report:

The Working Party would like to thank the RMSC and IUSC for their reports and is of the opinion that the Events Committee should encourage the RMSC and IUSC to continue working on the reports and implementation of digital officiating at World Sailing-sanctioned events.

The WP notes that it does not have expertise to evaluate the received reports in terms of technology and rules.

Whilst encouraging to press forward the WP would like to stress that using technology can be a tool in reaching our sport's strategic goals (sustainability/marketability) and is not a goal in itself.
