

World Sailing 2022 Plaque Fee Report

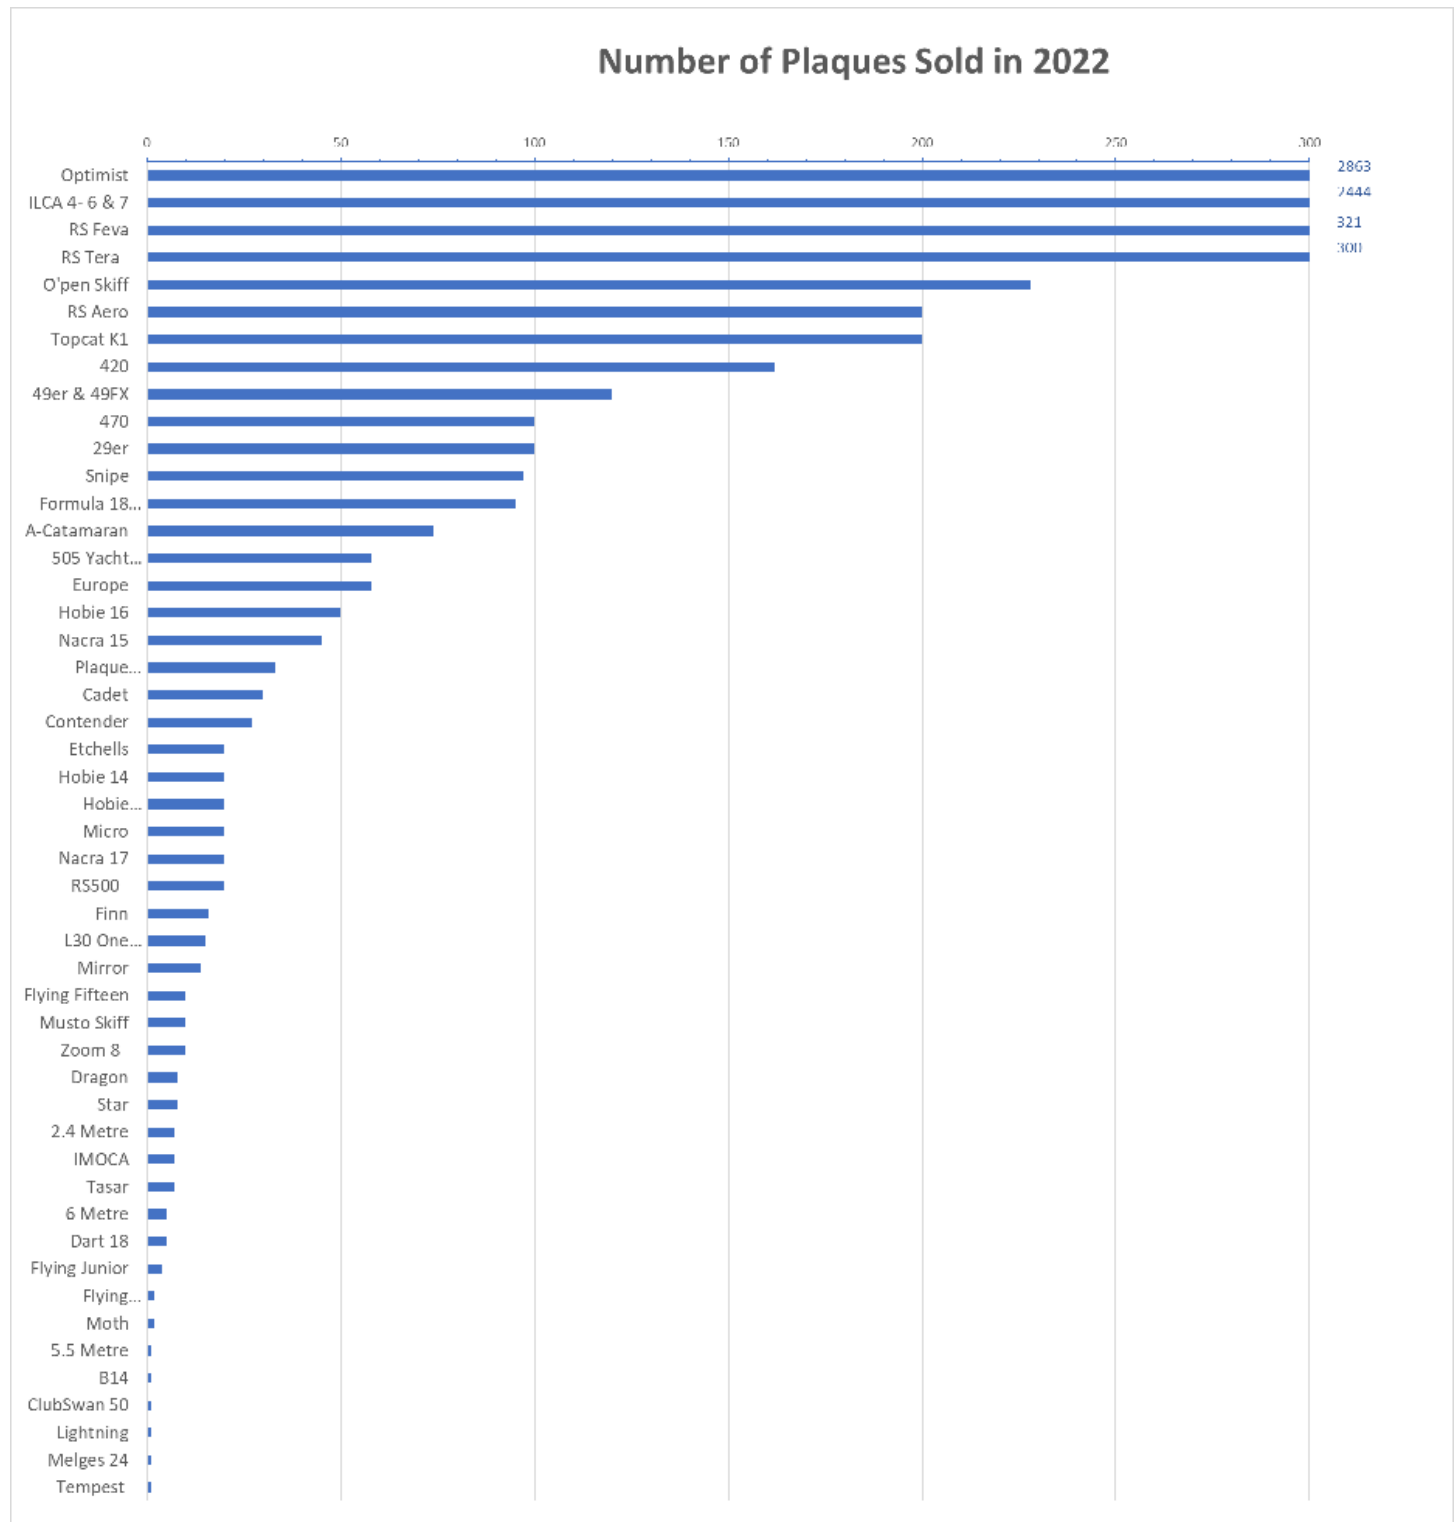

For Information

- 1.1 World Sailing classes are subject to a fee for each boat, a payment duly marked by affixing a WS plaque to the respective boat. The specific fee is established through mutual agreement between the class and World Sailing when the class agreement is instituted. Typically, this agreement employs a percentage of the boat's price (excluding sails) as a reference point for negotiation, in accordance with Regulation 10.3(c): 0.4% on the first £20k, 0.2% on the next £70k, and 0.1% on amounts exceeding £90k.
- 1.2 In the year 2022, we had a total of 118 Class Associations, each with its distinct agreement in place. In some instances, the WS plaque serves the dual purpose of collecting fees for both the classes (Class Share) and the designers (Designer Share).
- 1.3 Most of these agreements adhere to one of the following systems:
 - (a) World Sailing oversees the procurement and issuance of plaques, selling them either to the class or the manufacturer.
 - (b) The class manages the issuance of plaques on behalf of World Sailing and provides information on the numbers sold.
 - (c) Alternative schemes not centred on plaques, such as board registrations or a percentage of the retail price of equipment sold.
- 1.4 For the year 2022, World Sailing successfully sold a total of 7,861 plaques. In the attached report, you will find the following key findings:
 - (a) Out of the 118 classes, six classes accounted for 80% of plaque sales.
 - (b) A mere 12 classes accounted for 90% of plaque sales.
 - (c) Remarkably, 46 classes reported no new equipment sales.
