1. Reviews

- 1.1 World Sailing Class Associations must be regularly reviewed by the Equipment Committee (at least once every three years).
- 1.2 In the review, the Equipment Committee must establish whether or not:

 - (i) the class is actively racing pursuant to the relevant requirements of Regulation 10.2.1(d) (The recommended guidelines to 'actively racing' is considered to be at least the same number of registered boats as required for the new classes in that category seeking designated status); or
 - (ii) is continuing to provide a significant contribution to the development of the sport, e.g. technical innovation; and
 - (b) that the class rules continue to support the objectives of the class and provide a reasonable framework for the technical control of the class.
- 1.3 If a Class fails to meet the above criteria, the Equipment Committee may recommend that the Class be reviewed by the Board, and the Board may then recommend to the General Assembly that its status as a World Sailing Class Association be withdrawn.
