Symposium

2024 | Singapore

Welcome

The challenge is simple: dream big and create an event with the resources provided.

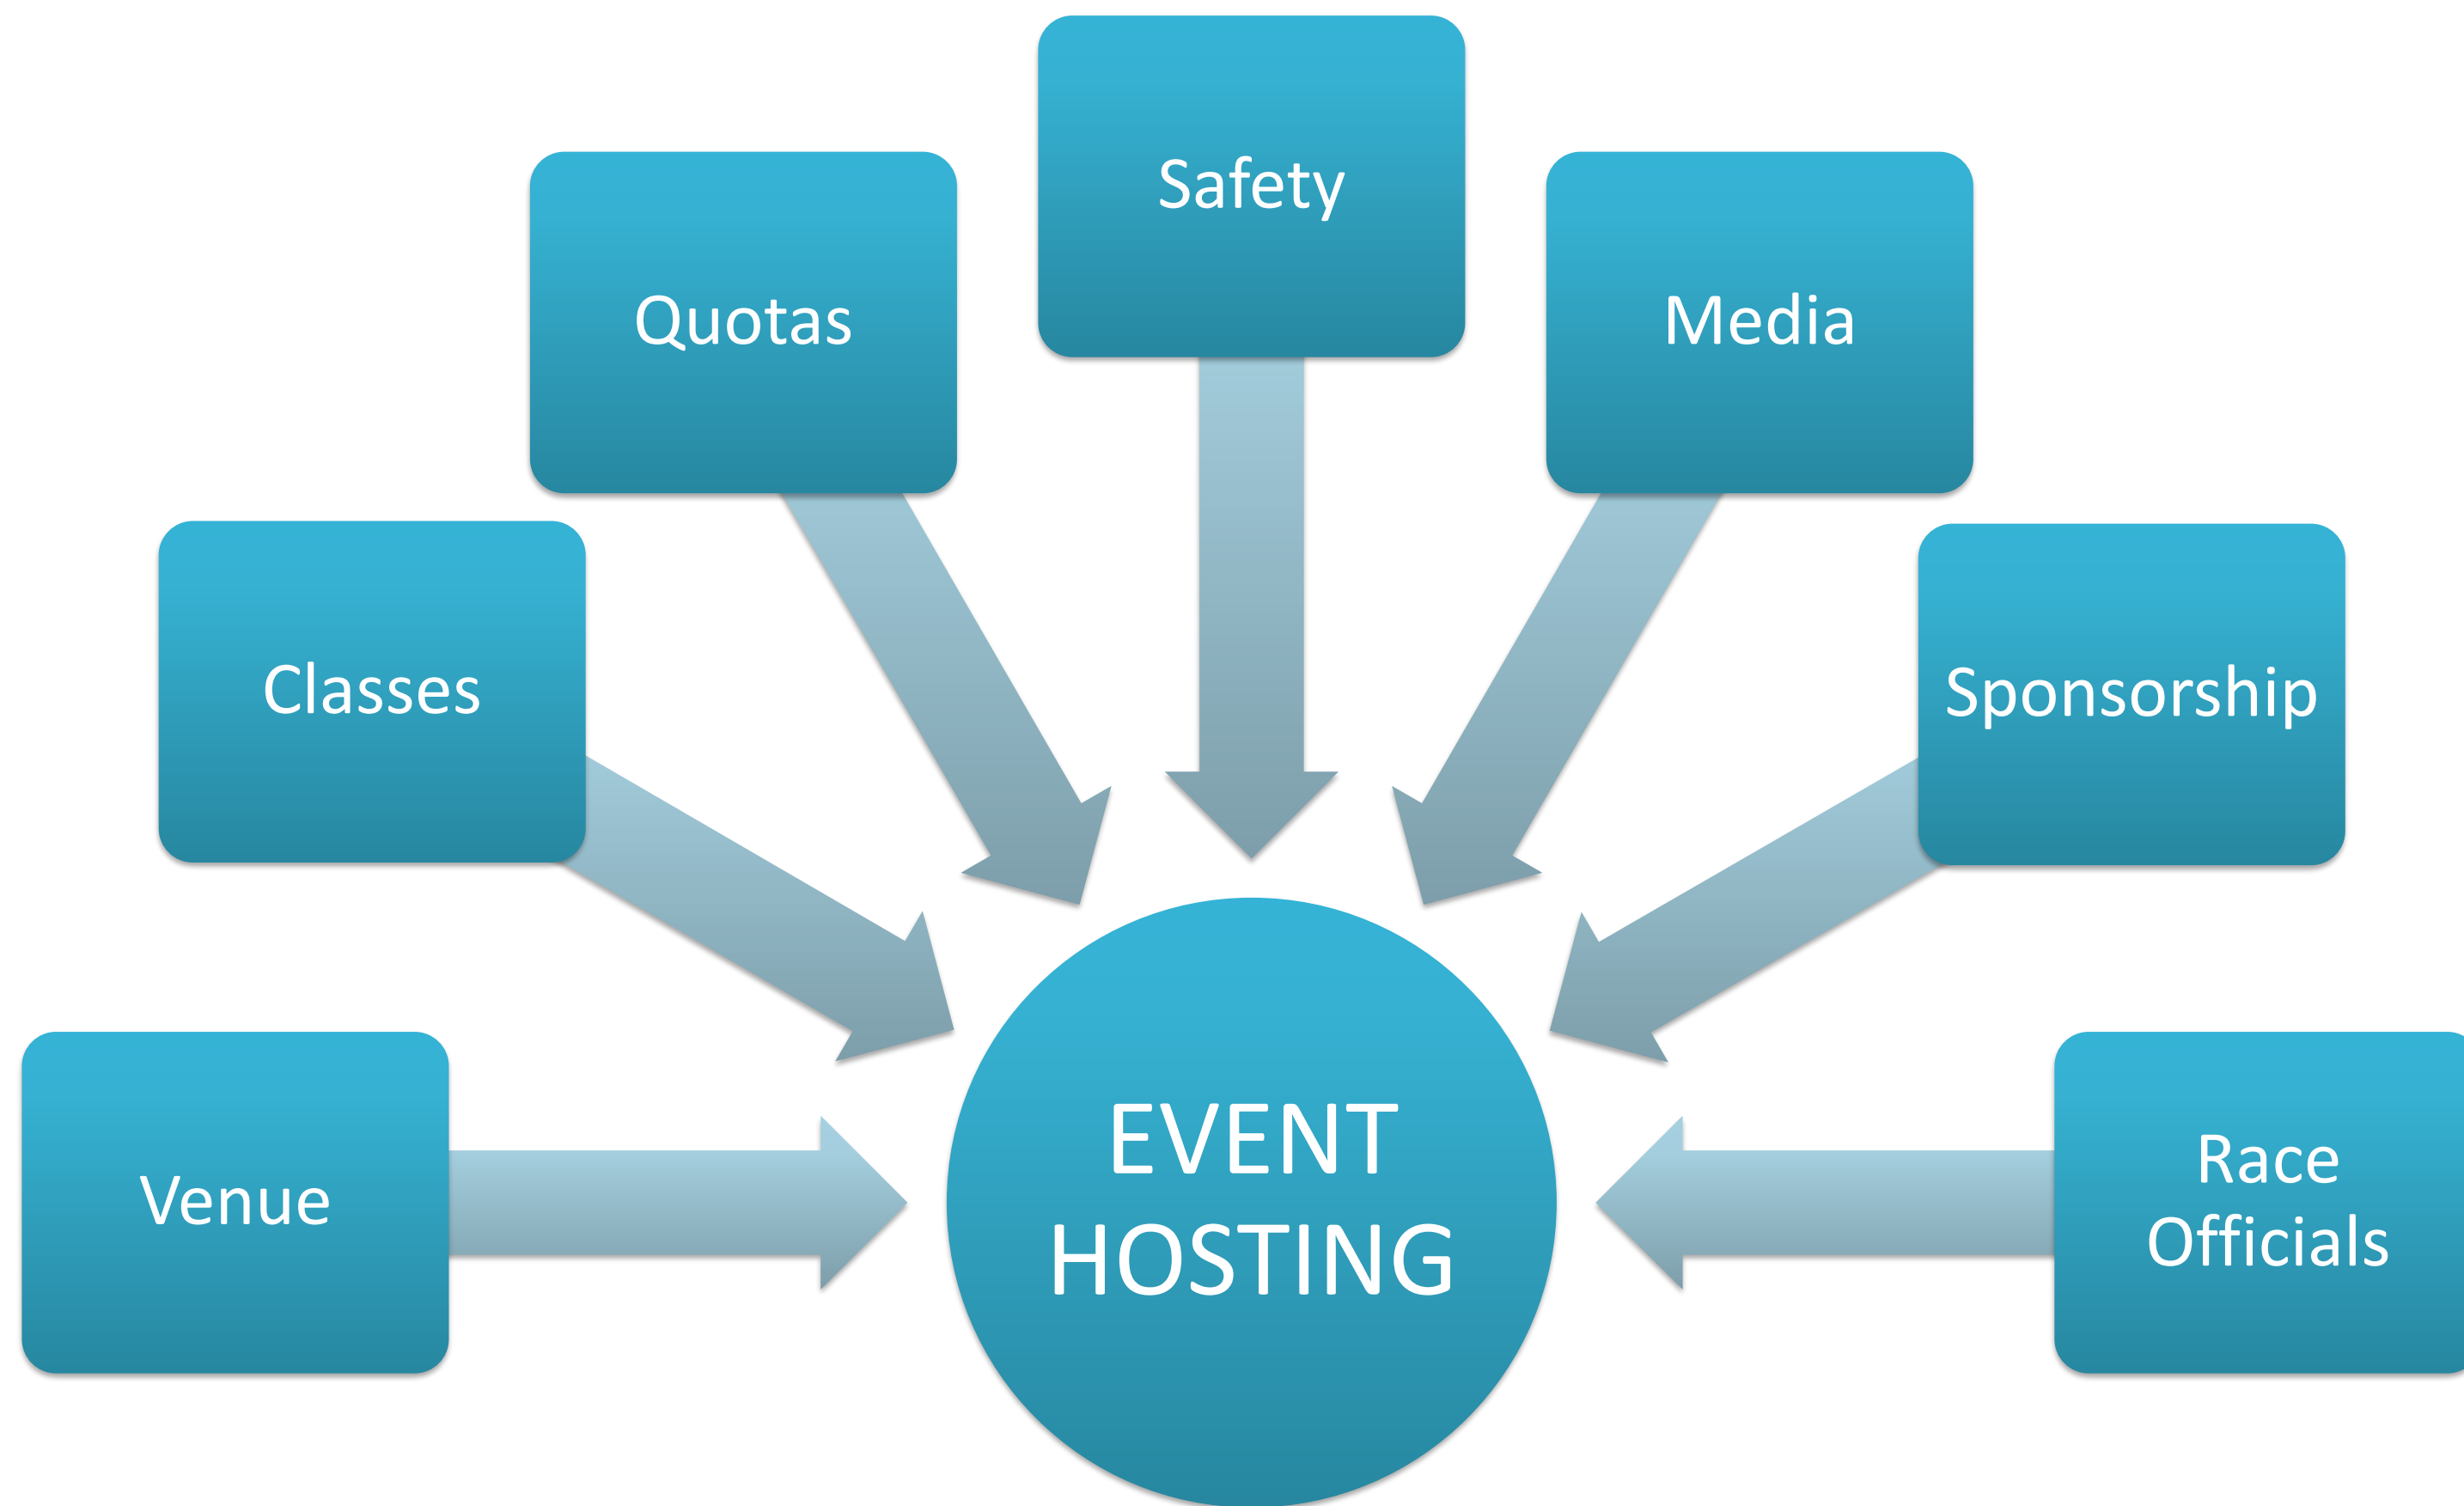

You must choose your venue, consider your race formats, appoint your Race Officials, select disciplines and equipment and ensure you meet sustainability requirements.

Think big, think differently and Happy Sailing!

The Challenge

Development
Symposium

2024 | Singapore

How does it work?

You will see here on your table some resources for you to develop your event, including outlines of the venues to choose from, Race Official profiles and the available equipment.

You can choose to host 1 class or multiple classes, and you can combine both able -racing alongside Para or create an Inclusive event – the possibilities are endless!

2024 | Singapore

The important bits...

- You have 80,000 credits to spend on your event.
- There are credits that can be received as income.
- Think very carefully about your venue, your events and you impact.
- You have very limited time to complete the challenge
- You may not complete the challenge, and that's ok
- There are no stupid questions!
- This is about fun and learning... Lets go
