Subject: Invitation to a World Sailing Classes Committee Meeting

Dear Members of the World Sailing Classes Committee,

I hope this message finds you well.

As we are settling in our course for the 2025-2028 cycle, I'm pleased to invite you to actively engage with the renewed direction and priorities laid out in our WSCC Working Plan. This plan reflects a sharpened focus on inclusion, practical solutions, and sustainable growth for all Classes—Olympic and non-Olympic alike.

While the details are outlined in the document, I trust you will find the approach both ambitious and grounded. Our objectives are clear; now, the real value lies in your insights, commitment, and collaboration to bring them to life. At our last meeting we already took stock of volunteer interest for this quad, which will also be on our agenda.

We look forward to working alongside you to implement initiatives that will positively shape the future of sailing worldwide.

With appreciation and anticipation,

Warm regards,

Jan Martin Wilschut

Chair
World Sailing Classes Committee

Andreas Kosmatopoulos

Vice-Chair
World Sailing Classes Committee
